DRYWALL
TO STUDS
PREVENTING
SCREW POPS**

10X
MORE COVERAGE
COMPARED TO 28 OZ
CAULK ADHESIVES

- ▶ Applies twice as fast as traditional caulk adhesives
- ▶ Does not shrink like popular latex adhesives

DRYWALL ADHESIVE

ASTM D6464 | ASTM C557 | UL Classified

TYTAN Professional Drywall Adhesive prevents screw pops by expanding to bond and fill the gaps between the drywall and studs without shrinking!

HOW IT WORKS

TYTAN Drywall Adhesive installers save time, material, and money by preventing screw pops and call backs. One 29 oz can of TYTAN Professional Drywall Adhesive replaces approximately 10 conventional 28 oz caulk adhesive cartridges, saving installers material costs and excess waste.

- Prevents screw pops
- Works on wet, dry or frozen lumber
- Easy and fast installation
- Polyurethane bonding technology
- Improves Blower Door test results

Formulated for use on:

- OSB
- Plywood
- Treated lumber
- External insulation boards
- Many other construction materials

RECOMMENDED FOR USE WITH TYTAN 22" LONG BARREL GUN

TYTAN's 22" long-barrel applicator allows users to install this product from a standing position, reducing strain on the back, knees and hands compared to traditional caulk adhesive applicators. It has an extra-long 22" barrel and heavy duty metal construction design.

TYTAN Professional is a brand of the Selena Group, a global leader and distributor of construction chemicals and one of the four largest producers of polyurethane foam in the world. Selena was founded in 1992 in Wroclaw, Poland. Visit TYTAN.com/us to learn more, or give us a call at (817) 381-4427.
