

AIR SEALING

# GASKET FOAM

CREATES AN  
AIR-TIGHT  
SEAL BETWEEN  
DRYWALL AND  
FRAMING

- ▶ Reduces air leakage
- ▶ Improves air efficiency by up to 1.6 ACH
- ▶ Fast and easy application

# AIR SEALING GASKET FOAM

**TYTAN Professional Gasket Foam creates an airtight seal between framing and drywall, improving a home's air efficiency rating by up to 1.6 ACH!**

## HOW IT WORKS

TYTAN Professional Gasket Foam eliminates air leaks at the top plate, helping builders comply with strict energy requirements while reducing heating and cooling expenses.

- **Bonds to wet and frozen lumber**
- **Improves Blower Door test results**
- **Can reform to its original shape after being compressed**
- **Optimal can size to avoid overhead rafters.**

**Formulated for sealing:**

- **Top and bottom plates**
- **Between drywalls and framing**

## RECOMMENDED FOR USE WITH TYTAN 22" LONG BARREL GUN

TYTAN's 22" long-barrel applicator allows users to install this product from a standing position, reducing strain on the back, knees and hands compared to traditional caulk adhesive applicators. It has an extra-long 22" barrel and heavy duty metal construction design.

TYTAN Professional is a brand of the Selena Group, a global leader and distributor of construction chemicals and one of the four largest producers of polyurethane foam in the world. Selena was founded in 1992 in Wroclaw, Poland. Visit [TYTAN.com/us](http://TYTAN.com/us) to learn more, or give us a call at (817) 381-4427.
